WARRANTY & LIABILITY:
Neither P3 Cars, nor its dealers or agents shall be liable in any way, for any damage, loss, injury or other claims, resulting from the installation or use of this product. By purchasing or installing this product, you assume all liability of any kind connected with the use and/or application of this product. If you are unsure that you can safely install and use this product, consult a qualified installer or mechanic. The warranty on this product covers only the product itself for a period of 6 months from the date of purchase, and it will be at our discretion to repair or replace the affected parts. No user serviceable parts inside. Warranty will be voided if product shows physical damage.

1 Remove vent from vehicle.

2a Use a small screwdriver to pry the vent slat assembly out of the housing.

2b Remove vent slat assembly from vent housing.

3a Cut the top two slats out approximately 1/8th inch from the edge of the assembly as shown.

3b Remove top two vent slats from the assembly.

4 Cut the vertical slat connector where shown.
Use glue to secure display to assembly where shown.

Feed display ribbon cable through left side of vent as shown.

Cut relief into vertical vent slats as shown. (this helps keep the display from hitting the vent slats)

Remove far left (when viewed from front) vertical vent slat.

Push display into vent slat assembly ensuring that both tabs are between the top two vent slats.
