Porsche Cayenne

1 Starting on top of the vent release the left most tab connecting the Facia trim to the vent housing.

2 Release the second top tab.

3 Release the side tab.

4 Gently push away Facia trim to ensure tabs are free and continue working.

WARRANTY & LIABILITY:

Neither P3 Cars, nor its dealers or agents shall be liable in any way, for any damage, loss, injury or other claims, resulting from the installation or use of this product. By purchasing or installing this product, you assume all liability of any kind connected with the use and/or application of this product. If you are unsure that you can safely install and use this product, consult a qualified installer or mechanic. The warranty on this product covers only the product itself for a period of 6 months from the date of purchase, and it will be at our discretion to repair or replace the affected parts. No user serviceable parts inside. Warranty will be voided if product shows physical damage.

5 On bottom of the vent housing release the right most clip.

6 Release the final clip connecting the Facia trim to the vent housing.

12b

13 Insert the left side of the VIDI into the vent housing vent slat slots as shown.

14 Starting at the bottom of the vent reattach the Facia trip. Ensure the VIDI's protective covering does not get pinched. This will prevent you from being able to cleanly remove the protective covering.

15 Clamp Facia securely by reconnecting side clip.

16 Ensure the right side of Facia makes positive contact and clips into place.

17 Now you're ready to enjoy your P3 Cars VIDI (Vent Integrated Digital Interface).
